

Women and HIV Did You Know?

AROUND ONE IN FOUR
PEOPLE LIVING WITH HIV
IS A WOMAN

NEW DIAGNOSES

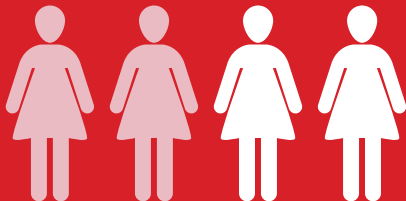

61% **Black**

19% **White**

16% **Hispanic/Latina***

5% **Other**

NOT ALL WOMEN
ARE EQUALLY
AFFECTED BY HIV

ONLY ABOUT HALF OF THE
WOMEN LIVING WITH HIV
HAVE ACHIEVED
VIRAL SUPPRESSION**

Get the facts. Get tested. Get treatment.

For more info, go to www.cdc.gov/hiv

* Hispanics/Latinas can be of any race.

** People living with HIV who take HIV medicine as prescribed and get and stay virally suppressed have effectively no risk of sexually transmitting HIV to HIV-negative partners.
